## International Literacy Day

International Literacy day was celebrated by the Department of Commerce, Nazareth Margoschis College at Pillaiyanmani, on 8.09.2021. Welcome Address by Evangelin.E, Speech delivered by Alterena.K

Literacy means validity to "read and write" the act of being educated.

To produce sense and awareness about the value of literacy and education, United Nations, Educational, Scientific and cultural Organization (UNESCO) announced to celebrate International literacy Day on 8<sup>th</sup> September every year. This was decided in 1965.

Literacy for everyone, no one left behind in my opinion it is as important as food.

We learn, we inspire to make our future full of success and knowledge.

Literacy undocks the door to learning throughout life, is essential to health and open the way for the active citizenship.

38 Students and 4 Staff members are participated in the programme.
